Date Prepared May 23, 2003

Device Name 3i IOLTM Implants

Classification Name Endosseous Dental Implant

Device Class III

Classification Dental Devices Panel

21 CFR § 872.3640

Predicate K014235 - OSSEOTITE® NT[™] Dental Implants **Devices** K972444 - 3i Innovative Implants and Cover Screws

K935544 - Threaded Self-Tapping Threaded Implants

K980549 – OSSEOTITE Dental Implants K983347 - OSSEOTITE Dental Implants

K022009 - 3i Dental Implants

Performance Performance standards have not been established by the

FDA under Section 514 of the Federal Food, Drug and

Cosmetic Act.

Device Description	The	3;	IOL^{TM}	Dental	Im
Device Describtion	ine	Эl	IOL.'''	Dentai	-1111

applants are offered in both externally hexed and internally connected designs. The devices are tapered implants designed to mimic the shape

and form of a natural tooth.

Indications for

Use

3i IOL Dental Implants are indicated for surgical

placement in the upper or lower jaw to provide a means for

prosthetic attachment.

Technological Characteristics The 3i IOL Dental Implants contain

features and functions which are similar to the currently

available OSSEOTITE NTTM Implants and 3i Innovative

Implants and Cover Screws.

Conclusion The 3i IOL Dental Implants are substantially equivalent to

the legally marketed OSSEOTITE NT Implants and 3i

Innovative Implants and Cover Screws.

Re: K031632

Trade/Device Name: Osseotite IOLTM Implants

Regulation Number: 872.3640

Regulation Name: Endosseous Dental Implants

Regulatory Class: III Product Code: DZE Dated: May 23, 2003 Received: June 26, 2003

Dear Ms. Hughes:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the <u>Federal Register</u>.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (301) 594-4613. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address http://www.fda.gov/cdrh/dsma/dsmamain.html

Sincerely yours,

Susan Runner, DDS, MA
